Pender County Commissioners Meeting. This delectable body convened or

vesterday at South Washington in regular monthly meeting. A record of its pr ceedings is easily given, and when we say that they made up the jury list, considered a few cases of pauperism, and postponed the consideration of the bonds of the Sheriff.

Treasurer and Register of Deeds unti Monday next, the task is about accomplished. We may add, however, that the tax lists were considered to some extent: and also that Dr. Hanson F. Murphy and R. B. Frazier were elected School Examining Committee, before whom applicants for positions as pubhe school teachers must be examined This Committee will meet at South Washington on Monday next to ex-

The Hickory Press says: Mr. W. M. Puett, of Caldwell county, has presented us with a nice specimen of asbestos, from a mine on his plantation. He is hopeful that this mine will prove to be very profitable. He says the surface is very rich and the veins much richer. The specimen before us is as heavy, and looks very seawell. Deceased had been for a number much like a piece of petrified wood, of years a consistent member of the Baptist much like a piece of petrified wood. It is of a white-gray color, with greenish and reddish shades. In the mine it is found in compact fibrous masses Wooten, Richardson & Co., and seams. The finer varieties of asbestos have been wrought into gloves and cloth, which are incombustible. The cloth was formerly used as a shroud for dead bodies, and bas been recommended for firemen's SHIPPING MERCHANTS clothes. It is also employed in the manufacture of iron safes, and for

lamp wicks.
